Fee includes: 8 classes, 1 home CD, 1 book, a set of Art Banners, & 1 instrument

Mondays 10:00am—10:45am
1st session: Jan. 24—March 14
2nd session: March 21—May 9

Hickory, Dickory, Tickle & Bounce

Research shows the more you expose your baby to nursery rhymes and songs, the stronger those emerging language-learning skills will be. That's why these Mother Goose-like stories and rhymes are the main theme of this class. Plus, you'll develop research-proven communication strategies with your child through listening activities, speaking "parentese," and sign language.

The Rhythm of My Day

This class will help you bring more rhythm and routine to your baby's day, as well as help develop lasting learning skills. We'll show you how and tell you why music can help your little one soothe into the day's schedule and help build a strong body and mind network for learning. You can bring home those same stress-free play and relaxation techniques from class, and incorporate them into your daily routines.

Age Range: 1 1/2 to 3 years
 Class structure: 15 week semester
 Class length: 45 minutes

Cost: \$225
Fee includes: 15 classes, a double CD, 2 storybooks, 1 home activity book, & 1 instrument

Mondays 11:00am-11:45am
 (Jan. 24 - May 2)
Thursdays 10:00am-10:45am
 (Jan. 27 - May 5)

Fiddle-dee-dee

We'll meet many animal characters in our books, activities, and songs—each specifically chosen for a toddler's emerging interests and physical skills. With silly, bumpy lap bounces we'll help toddlers develop rhythm while further developing their ever-emerging language skills. With a special stringed instrument emphasis in the music from class, parents can bring home the violin, cello, and orchestra sounds to help their toddlers stay happy and engaged learners at home, too.

Age Range: 3 to 5 years
 Class structure: 15 week semester
 Class length: 45 minutes

Mondays 4:00pm-4:45pm
 (Jan. 24-May 2)

Cost: \$240
Fee includes: 15 classes, 2 home CDs, 2 story books, a home activity book, & 1 instrument

Cities! Busy Places Friendly Faces

In this unit, sidewalks, elevators, skyscrapers, and world-traveling photographers are the theme. Learning through the pretend play that preschoolers adore, we'll be rhythmically busy playing storytelling games and handcrafting city "buildings" from wax paper at home so we can make a cityscape in class! Plus every activity has some at-home adaptations so the parent can take part in the learning. With a pair of resonator bars as a featured instrument, and a multicultural, jazzy collection of music, preschoolers will develop the social and intellectual skills they'll need in school.

Age Range: 4 to 7 years
 Class structure: 15 week semester
 Class length: 1 hour

Tuesdays 4:00pm-5:00pm
 (Jan. 25 - May 3)

Cost: \$250
Fee includes: 15 classes, Children's Folder & stickers, Games Bag, Family Songbook, Home CD, & Music at home cards.

Semester One

Everything your child learns later in semesters 2, 3, and 4 begins with this early introduction to singing, reading and writing music and rhythm. Through dances and games that focus on rhythmic development, we'll learn a keyboard instrument—the glockenspiel—which will be used throughout all the Young Child classes. Your At Home Materials provide the music, instruments, stickers, and activities for a home version of the same playful activities you'll hear about from class, so your child—and you!—can learn where you're most comfortable: at home.

There will be a limit of 10 children per class to ensure the most nurturing and supportive learning environment for your child.

Age Range: Newborn - 7 years
 Class structure: 10 week semester
 Class length: 45 minutes

Mondays 6:30pm-7:15pm
 (Jan. 24 – March 28)
Tuesdays 5:15pm-6:00pm
 (Jan. 25 - March 29)

Cost: \$190/1 child, \$280/2 children, \$380/3 children
Fee includes: 10 classes Two Books, Two Home CDs, Family Guide, Domino Game, and Two instruments.

Our Kind of Day

Music time isn't just at music class, it's all day long! What better way to build family bonds than to sprinkle music and movement throughout playtime, mealtime, clean-up time, bathtime, and nighttime? At each lesson, parents are given ideas for creativity and insights into their child's development. With catchy songs such as "Wishy, Washy, Wee" for bathtime, "Go Into the Kitchen" for mealtime, and "Love Somebody" at bedtime—parenting becomes easier and a lot more fun! Over the course of 10 weeks, each lesson is packed with singing, listening, story time, puppet play, creative movement, instrument play, family jams, and sharing.

Therabeat, Inc Mission and Philosophy

Kindermusik is a classroom learning experience. We teach children music so they can become better learners. It's not about making little Mozarts. It's about developing skills in the whole child—ages newborn to 7 years—cognitive, physical, social, emotional, language and musical. For more than 25 years, we have believed music is the best conductor for learning. Today music and the mind research is known as the "most rapidly developing field of human study," according to recent reports from the Royal Institute of Great Britain.

Children exposed to the arts for three hours on three days a week through one full year are:

- * 4 times more likely to participate in a math and science fair
- * 3 times more likely to win an award for school attendance
- * 4 times more likely to win an award for writing an essay or a poem
- * 4 times more likely to be recognized for academic achievement
- * 3 times more likely to be elected to class office within their schools

We're the "General Motors" of childhood development. The Wall Street Journal says Kindermusik is the "General Motors" of childhood development. We like to say it's the single best choice for your child. New information is gathered from experts around the world in a variety of music and child development studies. We collect this information and translate it into the Kindermusik learning experience. So everything we make—bed-time storybooks, music CDs, and instruments—contains a world of learning.

We believe parents are the best educators. As your child grows, Kindermusik understands the development process taking place. We also want you to understand that process, because when a child's learning needs are best understood in the classroom and at home, Kindermusik can foster all aspects of a child's development while developing a natural sense of musical appreciation and capability.
